

# Age-adjusted Prevalence (%)\* of Mental Health Conditions Among Adults 20+, 2007

## Community Planning Areas (CPA)

\* Note: rates based on diagnosed cases only

### Age-adjusted Prevalence (%) of Mental Health Conditions Among Adults 20+, 2007

City Rate: 12.5	Area Rate / City Rate (Rate-Ratio)	Number of CPAs
CPA Rate		
9.5 - 9.8	0.76 - 0.80	2
10.1 - 11.3	0.81 - 0.90	6
11.5 - 13.6	0.91 - 1.09	24
13.7 - 14.7	1.10 - 1.18	14

CPA with rate statistically different ( $p < 0.05$ ) from the city-wide rate

- H Value in CPA is significantly higher than the city value
- L Value in CPA is significantly lower than the city value
